

Mr Vu Quang Bao

Chairman of BB GROUP

Message from Chairman

Pioneering sustainable development through revolutionary and innovative projects, which are towards perfection with the highest international standards, is our ambition to make BB Group to become the leading multi-industry economic group in the region.

In the first five years from 2017, BB GROUP's journey of the beginning, transformation, and expansion could envision as the adventure of storm overcoming to achieve success and development as it is today.

Starting establishing orientations and strategies at the beginning period, which is decisive to building a global brand in the future, to consistency and approach, BB GROUP has successfully accomplished the initial stage and opened a new chapter full of ambitions, aspirations, and potential development.

By persistently perceptive and pursuing goals with a long-term vision, BB GROUP's investment and advance are all directed to revolutionary projects, which create sustainably different values for the community in all fields. Up to now, BB GROUP has become one of the leaders in the areas of energy, transforming unspoiled lands into symbolic constructions, which brings a new breeze in encouraging economic progress and social security of the locality and Vietnam's economy on the path of development and integration. In addition, the Energy sector, the fields of Real Estate, the Gas Industry, Mining, and Consumer Goods have achieved success and potential growth, which is clear proof that the process of conquering the climax is not stopped.

Besides the motto of creating projects that affirm the position of Vietnamese brands in the region and the world, determination, pioneering bravery, and a positioned strategy are strong premise for BB GROUP continues to build iconic projects in a new phase of the world economy.

Best regards!
